

Mulberry Press Reader - Fall 2006

by John Hargreaves, Doris Henty and Hendrik de Lange

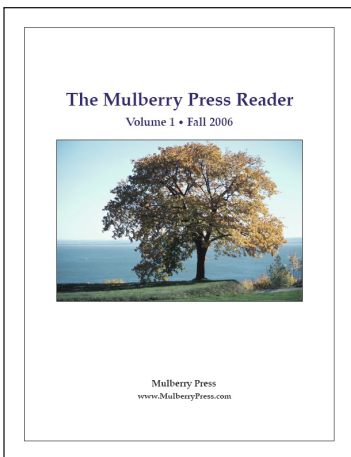

First Ever Collection of These Authors in One Volume!

Our new anthology presents a unique collection of 24 spiritual articles, letters and book excerpts from Doris Henty, Hendrik de Lange and John Hargreaves and their students on topics relevant to issues arising to be rightly understood.

Although these writings have been published previously in separate books, collected and published in this 8.5" by 11" booklet format, they provide readers with an exciting collection of specific and direct insights that may have been overlooked previously because in their original format, the excerpts or articles are included along with a great deal of additional text.

We have included several articles that were previously included in the very popular feature, "Pig Bucket". Those who have found the "Pig Bucket" articles helpful, will find *MPR* to be familiar and welcome.

The *Mulberry Press Reader* maintains the highest standard of absolute Christian Science.

Reader Comment:

One reader offered this comment, which we reprint with her permission:

"There is another advantage to this format, and that is that one can travel with it, which is what I have just done. One could not take all the books, Henty, Hargreaves, de Lange, etc., and it is very handy to have the Reader offering short pieces from these authors. Of course, though one has all the books, it would be difficult to delve into all of them to find these pieces to read in one go, as it were."

Many customers who ordered *MPR* last fall when it was first available have since ordered additional copies as gifts. One reader bought 10 additional copies to give as gifts to family and friends!

Principle and Practice

by Hendrik de Lange

This 365-page hardback book presents a unique collection of letters contributed by students and friends showing the very wide range of situations and states of thought that are embraced in the daily practice of Christian Science. **\$22.00 + shipping**

"They Shall Be All Taught of God"

by John Hargreaves

This is a superb and insightful 115-page commentary, written by John Hargreaves, on the chapter "Recapitulation" from *Science and Health*.

This commentary on Recapitulation is meant to be read in conjunction with the *Science and Health* chapter. The chapter itself, divided into 24 questions and answers, presents the orderly unfoldment of the understanding of God as "the great I AM". Incidentally, it also exposes what I AM not and cannot be.

It emphasizes the statement that "God's law is in three words, "I am All".
